

Creamfinance (www.creamfinance.com) offers consumer finance services in 7 countries, and our team consists of more than 400 passionate employees. In 2017 Capitec, the biggest bank in South Africa (www.capitecbank.co.za) became one of our main shareholders and, given their ambitions and market position, it is just natural that also Creamfinance is addressing opportunities that are offered by markets we are or want to be present. In that respect, we would like to strengthen our professional capacity and **Data Science** unit is looking for a talented

Programmer / Data Analyst

Your key role will be to:

- Make sure IT component of Data Science processes is established according to the best practices;
- Develop and maintain ETL processes for DWH;
- Develop and maintain scripts and infrastructure to support Data Science projects;
- Develop and maintain testing and monitoring frameworks;
- Analyze large datasets to convert data into business insights;
- Represent the team in collaboration with the central IT department in Austria during the integration of new data vendors and other IT-related matters.

If you can prove that you have:

- Bachelor's degree in computer science or related field, or equivalent work experience;
- Strong command in SQL, including query optimization, indexes and locks;
- 1+ year of hands-on experience in script/software development in Python/PHP/Java/C#;
- Ability to parse data in Python and work with databases;
- Basic experience in Linux administration (knowledge of Screen, DMESG, CRON and GREP);
- Ability to learn R, PHP and JS;
- Experience in continuous integration, Docker and monitoring will be considered as an advantage;
- Very good communication skills, positive can-do attitude and persistence;
- Strong ability to prioritize, reason and think critically;
- Fluency in English.

Then we will offer you:

- Work in an international environment for a rapidly growing company;
- Strong growth and learning opportunities among experienced Data Science team members;
- Gross salary in the range of 1900 - 2900 EUR gross, health insurance and other benefits.

If you are interested, please send CV to cv@creamfinance.com until November 30th, 2019.
We will contact candidates who will qualify for the 2nd round.
