JUNIOR PHP DEVELOPER

As a part of ZoomCharts growth strategy we are actively expanding our team and global operations. We are looking for Junior PHP Developer to join the team in our Riga office.

HERE'S WHAT THE ROLE IS ABOUT:

✔ Develop and maintain strategic operational systems, tools, and processes, including participation in tactical and strategic development projects

✔ Ensure software stability via regression, support quality assurance, and perform unit and user-acceptance testing to identify bugs and ensure production operations run successfully

✔ Work quickly and carefully to complete small edits requested by customers, develop plans for completing larger projects, collaborate with colleagues, and suggest new solutions to improve existing websites

✔ Create websites and user interfaces, using standard HTML/CSS practices, while incorporating data from back-end databases and services

✔ Consistently create well-designed, tested code using best practices for website development, including mobile and responsive site design

✔ Contribute in all phases of the development lifecycle

✔ Troubleshoot, test and maintain the core product software and databases to ensure strong optimization and functionality

✔ Maintain updated knowledge of new and emerging industry trends and technology
HERE'S WHAT WE NEED FROM YOU:

✔ Good experience with PHP

✔ Working knowledge of web applications, programming languages, and web services, such as APIs, CSS, CSS3, cross-browser compatibility, HTML, HTML5, JavaScript, JQuery, PHP, security principles, REST, SOAP, and web user interface design (UI)

✔ Understanding why code design is important and how to write clean maintainable code.

✔ Being flexible, coachable, and willing to constantly evolve your working methods

✔ Working in a team encouraging others and sharing your best practices

✔ Preferred understanding how Mongo databases works

HERE'S WHAT WE COMMIT TO YOU:

Access to IT and businesspeople from literally all world including Fortune 500 companies.

Salary in a range of **1300€-2500€** before taxes. Laptop and other company benefits.

Experience working in data driven environment where all activities leading to results are being measured for continuous improvement.

Possibility to work from the office or remotely.

Rich health insurance after the 3rd month of employment.

Possibility to grow professionally.

Seems like the right job for you?

Join our team by sending your CV to hr@zoomcharts.com!
