

START YOUR IT CAREER

Join
Netcracker

■ **Netcracker Latvia** is excited to announce that we are looking for bright and goal-oriented students to join our company.

Our Software Engineering and Data Management departments offer an opportunity for students interested in front-end (Angular, React), back-end (Java, Groovy), REST APIs, DBs(Oracle, PostgreSQL, Cassandra) and system analysis (billing and product offering) career paths.

We offer 1100 EUR gross after three months trial period (700 EUR gross during the trial period).

No previous job experience is required.

Previous non-commercial coding experience or training will be considered as an advantage.

Angular • Java • React • Billing • Product offering catalogue
Migration • Integration • Oracle • PostgreSQL • Cassandra
